### **2018 Barbera**

A respected Piemontese varietal, this Barbera is tart fruity and flavorful. Its full-bodied nature offers brightness in its cherry flavors and richness in its aroma. Barbera is one of the most food friendly wines and finds a happy match with almost any Italian dish. Pair this one with an Italian Stuffed Easter Bread.

#### **AGING:**

Barrel aged for almost 3 years and rested in the bottle for 7 months, drink this Barbera with food now or lay it down for some years. Either way, allow a few hours of breathing, otherwise, it will be at its best 2026 to 2035.
